

On July 8, Cymbalizm was first to take the stage at Wahoo's Fish Taco in the auditions for the Spare Parts Battle of the Bands. This group consists of Cody Sickler on guitar, Tyler Conant on drums, Paige Zaring on keys and vocals, and Taylor Balding with vocals as well. These talented five are students at Bear Creek High School, West Middle School, and RMSEL. The guys have been playing together for two years now, and Paige joined them one year ago.

This group met through school and a band camp, and have come a long way together. They have written 13, almost 14 songs, three of which they played on the 8th at Wahoo's. They have recorded an album named "Cymbalizm" which includes 9 of their original songs.

Many of their performances have been fundraising shows for high schools, soccer teams, art festivals, and the Mad Walk in August. They have high hopes for their future together, and with their obvious talent, it will be interesting to see how far they make it.
